The history of Mrs. Burns classroom.

# MISSION STATEMENT

 We believe that our classroom is full of learners who are responsible for their own learning and behavior, who can all be successful if they really want to, and who always do their best.

# MISSION STATEMENT CONT.

 In order to accomplish success, we will use "self manager" behavior. Our room will stay organized. It will be quiet and loud at the right times. We will be respectful Listeners. We will work together and help each other. We think lots of field trips are important and necessary. We will always be thinking.

# MISSION STATEMENT CONT.

☐ We will strive for positive attitudes.

☐ We'll know when our mission is successful when people walk in our class and say "WOW! What a great class this is". And when we feel PROUD, HAPPY and SUCCESSFUL!!!!

# Ending

 We hope you learned lot about this classroom it has a long and fun history.
